OBITUARY.

Bazaar. Death of a Schoolmate of Several

Mrs. Nancy Sumner Ellis died at 4:30 o'clock on Thursday afternoon of asthma. Deceased had been ailing for some four years. Recently she became much worse and medical skill was unavailing. Mrs. Ellis was fifty-six years of age at the time of death, and leaves two sons and one daughter. She was born in the old palace where the Executive building is now located. She was educated in the Royal School and had for schoolmates such persons as the late King Kalakaua, Liliuokalani, Kamamalu and other chiefesses. The funeral took place yesterday afternoon, interment being in the Catholic Cemetery. A large number of friends and

acquaintances attended the funeral.

When one sets a candle in a window on a dark night he never can tell how many lost and bewildered travellers it may guide on their way. I once knew a dear old lady who habitually did it on every dark night. The road that passed her house was always forsaken and lonesome enough, and houses were far apart. So, on the general principle of goodwill to men, she placed her candle in a sort of projecting window, where it would shine both ways and do the most good. She is dead and gone now, but let us hope that her family keeps up the custom. To be sure it brought her many a strange guest, yet she did what she could for them, and never grumbled—pay or no pay. A year or two ago a little book was printed, containing an account by Mr. John Hodson, of Warboys, Hunts, of the way he was cured of a

Curative Syrup—a complaint con-tracted in India, where Mr. Hodson was once a soldier in the British Army. This candle of Hodson's beamed hopefully in all directions, and among others, its rays fell upon the eyes of a woman who needed light at that particular time. How it

wasting disease by Mother Seigel's

came to pass she tells in a letter, from which we quote the following:
"I was," she says, "always healthy
up to May, 1884, when I had an attack of gastric fever, which left me
low and feeble. I had a bad taste in the mouth, and after everything I ate I had great pain in the chest and sides, and also dreadful pain at the back and between the shoulderblades, and a sinking feeling at the pit of the stomach. My legs trembled and shook under me, so I could not walk out. Indeed, it was as much as I could do to get across the floor. A dry, backing cough set

n and shook me very much, and I

daughter was obliged to take my place in doing the housework. A doctor attended me for over a year. He tried first one kind of medicine and then another, but none of them helped me. At the end of the year the doctor said he could do no more Cleveland Bicycles & Tires for me, and recommended me as a last resort to try a change of air. "I had got to despair of ever getting better when a book was sent to me full of statements from different people, telling how they had been made well of various complaints by using Mother Seigel's Curative Syrup, and I read of a young man living at Warboys, near me, having

been cured in a marvellous manner

by this medicine. I got a bottle from Messrs. Palmer and Sons, Che-

letter as you think fit. Yours truly, (signed) Sarah Mason, Ramsey Heights, Ramsey, Hunts, January 27th, 1892. What better use could we possi-bly put this lady's letter to than to publish it? In this way it has fallen into the present reader's hands, and may turn out to be a candle in the window to show him refuge and shelter beside some long and gloomy path. A word more on this very point. It is not a matter of choice whether we are to help one another. We are obliged and bound to do so by every consideration of morality and utility. Humanity is like the body of one man: if a single part is neglected the rest must pay the penalty. If, for instance, Mother Seigel's Curative Syrup has done you good, say
